PROJECTS

Bangladesh Forest Ecosystem Services Valuation (ESV) Database
The Forest ESV Database, supported by USAID and the US Forest Service's Compass Program, aids sustainable forest governance decisions in Bangladesh. It compiles data on ecosystem services from various sources, assisting informed decision-making by the Bangladesh Forest Department.
URL: https://bfis.bforest.gov.bd/esvd/public/

Southpoint BD
Bangladesh's largest Training & Test Centre, spanning 9 acres, offers top-notch facilities including accommodation, dining, and training. With capacity for 3000+ students, it provides training in 22 construction trades, features PE-approved steel sheds, an Atomic Energy certified X-ray Room, and independent power generation.

Bangladesh-Sweden Trust Fund (BSTF)
The Bangladesh-Sweden Trust Fund (BSTF), established in 1984 with grants from SIDA, provides one-way travel grants for Bangladeshi students studying abroad. Managed by a 12-member committee, chaired by the Secretary of the Economic Relations Division, BSTF aims to enhance human resources in Bangladesh.
